The meeting was called to order at 10:10 am.

I. CHAIR'S REPORT AND INTRODUCTIONS

Chair Shayne Morgan called the meeting to order. Attendees introduced themselves and Shayne Morgan gave a brief Chair's report. Mike Williams, General Manager at Nutrien gave a welcome that included a safety share on how to avoid overheating. Adam McCook was presented with a Certificate of Appreciation,

II. APPROVAL OF THE FEBRUARY 21, 2019 MEETING MINUETS

Action: It was moved by Scott Garner and seconded by David McLintire to adopt the meeting minutes as modified. The motion passed unanimously.

III. BUSINESS ITEMS

County Reports were given on Hazardous Materials Incidents and Activities.

An agreement with Nutrien to increase coordination in response and training with local responders was discussed. This could include a memorandum of understanding with nearby counties. The Local Emergency Planning Committee and Regional Hazmat Team also might want to consider becoming parties to the memorandum of understanding. This is an ongoing project which Nutrien taking the lead.

It was reported that Alachua County was the final local government to sign the updated interlocal agreement. Signed copies of the mutual agreement will be distributed to the member local governments. The Committee discussed the large incident on I-75 that occurred eight years ago.

IV. PUBLIC INFORMATION ISSUES

Future workshops include shelter in-place, evacuation, and an overview of Florida's Local Emergency Planning Committees. Updates were given on Tier II reporting and the annual update of the hazardous analyses.

The Shelter In-Place page on the Local Emergency Planning Committee webpage is available for each county emergency agency to link to the information. The Local Emergency Planning Committee is interested in participating in three full-scale pipeline exercises to be held next year. Shayne Morgan reported giving a presentation to the Rotary Club in Lake City.

V. FIRST RESPONDER ISSUES

The group reviewed the hazardous materials first responders training classes that were recently held. Future activities include conducting hybrid 160-hour technician classes.

It was discussed that the Shands pipeline exercise was a mass causality incident. The Regional Team did not participate.

VI. OTHER BUSINESS AND INFORMATION REQUESTS

David McIntire discussed Training Task Force issues including pre-deploying hazmat team prior to a hurricane landfall.

No information requests were made.

VII. NEXT MEETING DATE AND LOCATION

It was decided the next meeting will be held in Cross City on September 19, 2019 at 10:00 a.m.

The meeting was adjourned at 11:04 a.m.

Florida Pesticide Reporting guidelines

This list is compiled from the Environmental Protection Agency List of Lists and updated with common Pesticide Trade Names. This is meant as a supplement to the EPA list of lists to clarify and assist handlers and responders in the field to reporting requirements and the more common chemical nomenclature.

Threshold Planning Quantity (TPQ) – The presence of Extremely Hazardous Substances (EHSs) in quantities at or above the Threshold Planning Quantity (TPQ) requires certain emergency planning activities to be conducted. The consolidated list presents the TPQ (in pounds) for section 302 chemicals in the column following the CAS number. For chemicals that are solids, there are two TPQs given (e.g., 500/10,000). In these cases, the lower quantity applies for solids in powder form with particle size less than 100 microns, or if the substance is in solution or in molten form. Otherwise, the 10,000 pound TPQ applies.

Section 304 RQ- Facilities must immediately report accidental releases of EHS chemicals and "hazardous substances" in quantities greater than corresponding Reportable Quantities (RQs) defined under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) to state and local officials. Information about accidental chemical releases must be available to the public, Florida Reporting requirements below.

CERCLA RQ- Releases of CERCLA hazardous substances, in quantities equal to or greater than their reportable quantity (RQ) in pounds, are subject to reporting to the Florida Reporting requirements below.
